New Contemporary Designed Home in Grand Bend, Ontario Still Keeps a ‘Cottage’ Impression.

Toronto, May 24, 2005 - Philip Nadeau, a Toronto based registered Interior Designer teamed up with his brother Charles Nadeau, General Contractor, to construct a hip place for Charles to reside for the summer months. Located in the small beach town of Grand Bend, Ontario, this new home included keeping the cottage look from the exterior while making the interior in a contemporary style under a tight budget. Planning started in the summer of 2002 with construction beginning early 2003. Since Charles did much of the work himself, the home has only recently been completed.

Some of the highlights of the new design include:

- Exposed steel beams
- Solid maple wood floors and commercial grade carpet in bedrooms
- 21’ ceiling to exposed steel beams
- Professional kitchen with stainless steel counter open to dining area
- Gas fireplace with stone hearth
- Standing seam metal roof
- Landscaped yard
- 200 amp electrical service
- Located a few blocks from the beach

Philip Nadeau is a Professional Registered Interior Designer (ARIDO) who is currently based in the Middle East. There, Philip is responsible for managing the Interiors and FF&E documentation on multi-million dollar projects at Qatar Foundations Education City. After graduating from Ryerson University in Canada, Philip worked in Toronto for several years before relocating to Bermuda then the Cayman Islands. He now resides in Doha, Qatar.
